

**Announcement and Call for Papers**

**Children's musical worlds**

**Institute of Education  
University of Reading  
Saturday 25 October 2014**

This one-day SEMPRES conference in music psychology and education is hosted by The Institute of Education, University of Reading. We welcome submissions on a broad range of topics related to the theme, including research into the various musical worlds created by, with and for children, and studies which focus on aspects of engagement with music in childhood and its impact across the life course.

Contributions are invited from researchers at all levels and are particularly encouraged from postgraduate students. Submissions should show how the topic relates to the conference theme. Accepted submissions will be organised thematically and presentations will be chaired by leading researchers. Please send abstracts for spoken presentations (200 words) by email to the conference organiser Mary Stakelum (contact details below) by Friday 11 July 2014.
