

SEMPRE Postgraduate Study Day
Exploring music education and psychology research

Friday 24 October 2014

Institute of Education
University of Reading

This SEMPRE Postgraduate Study Day is hosted by the Institute of Education, University of Reading and precedes the SEMPRE conference on 'Children's musical worlds' to be held on Saturday 25 October. Students are warmly invited to attend both events. The aim of the Postgraduate Study Day is to provide opportunities for research students to present and discuss ideas in a friendly and supportive environment, as well as to create a meeting place for students from different institutions. The event will include spoken presentations (20 minutes each), a poster display, and open discussions about research in music psychology and education led by invited academics. We welcome submissions from part-time and full-time students who are undertaking research in music psychology and education. Accepted submissions will be broadly organized into themes and presentations will be chaired by experienced researchers.

Please send abstracts for spoken presentations (200 words) and for posters (100 words) by email to Dr Mary Stakelum (contact details below) by Friday 11 July 2014.
